

# Moving Seattle *Forward*

Offering travel choices and creating safe, sustainable streets for a growing Seattle

Economic Development Commission

Scott Kubly

January 27, 2015

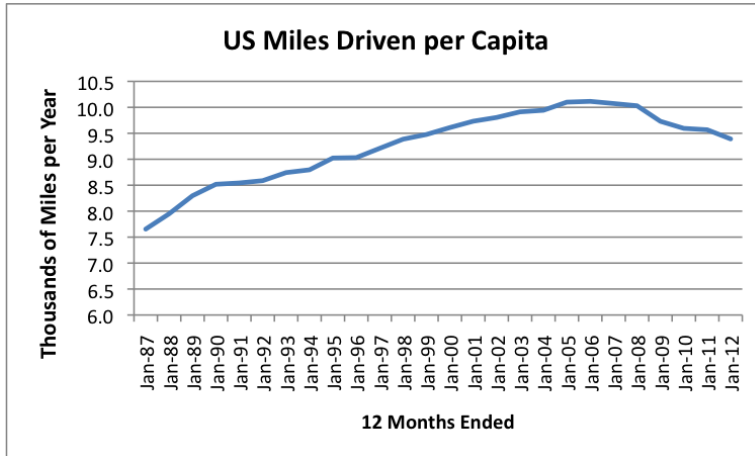

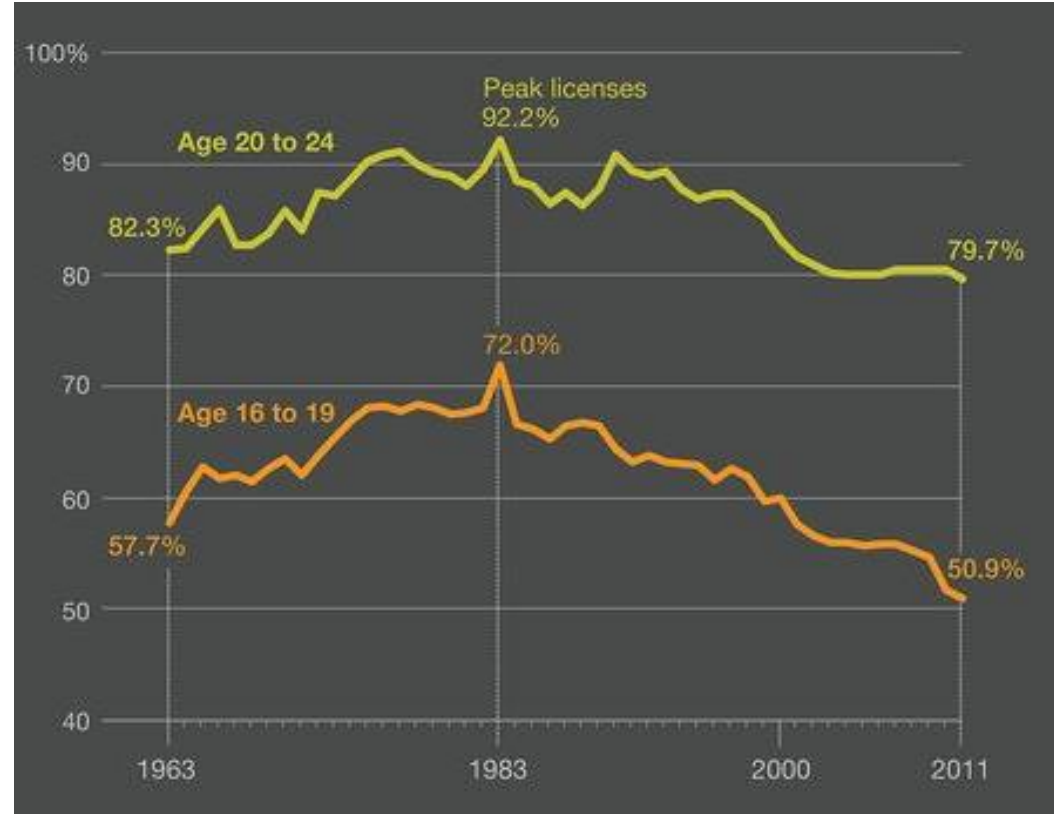

120,000 new residents  
115,000 new jobs  
by 2030

# Demographic trends

Americans (young and old) are driving less

Fewer young people are getting drivers licenses

# Technology is changing how we get around, and how we get stuff

Side•car

**PRONTO!**  
CYCLE SHARE

# Integrating land use and transit

Seattle 2014

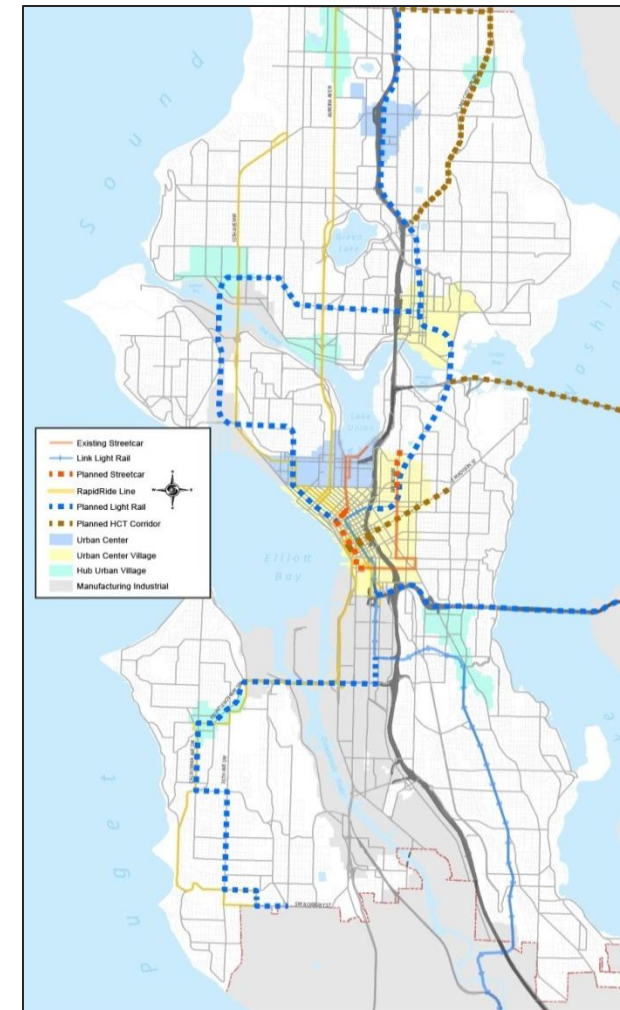

Transportation catching up  
with land use

Transit Measure

Invest \$45M per year in  
additional frequency

Seattle 2030

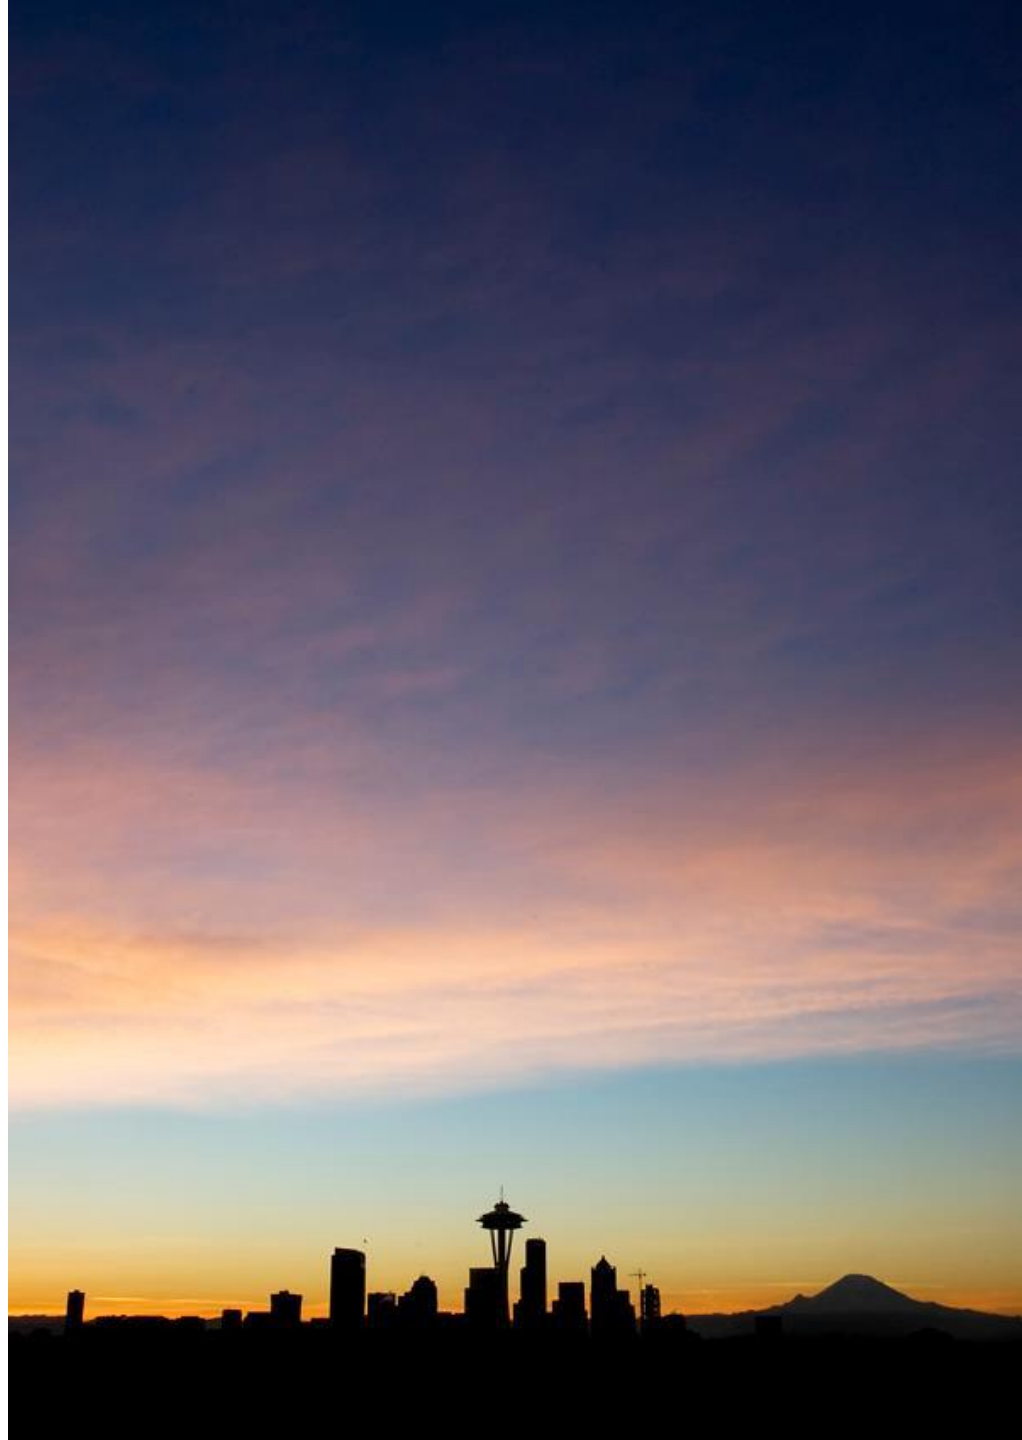

Aligned land use and  
transportation

our vision

# A city that is...

- Safe
- Interconnected
- Vibrant
- Affordable
- Innovative

# Safe city

Eliminate serious and fatal crashes

Nickerson St before

After

Top-end speeding ↓ 90%

Crashes ↓ 23%

Avg traffic volume ↓ 1%

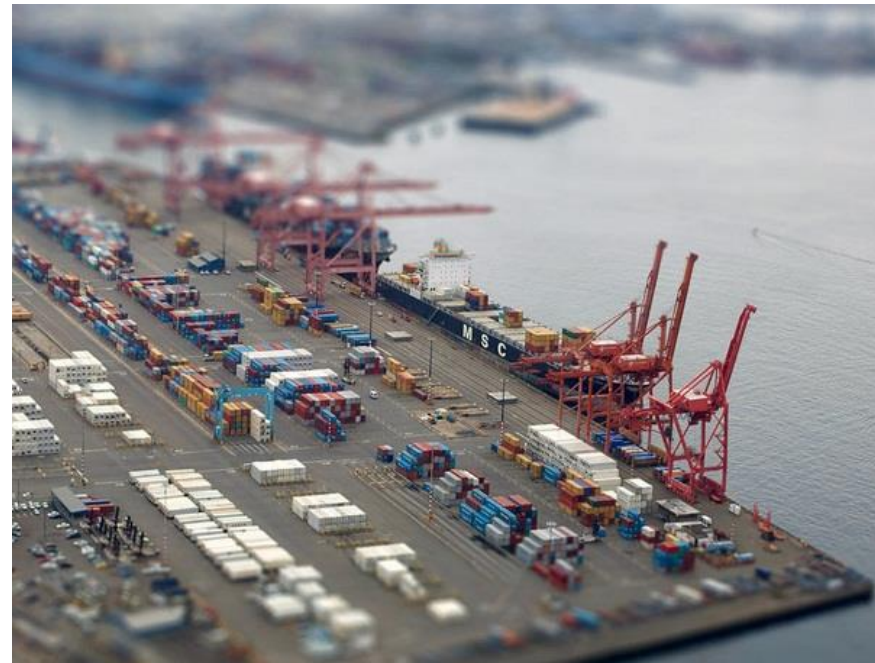

# Interconnected city

Provide the most effective transportation choices of any N. American city

# Vibrant city

Improve Seattle's health, happiness, and prosperity

# Affordable city

Provide high-quality, low-cost travel options for everyone

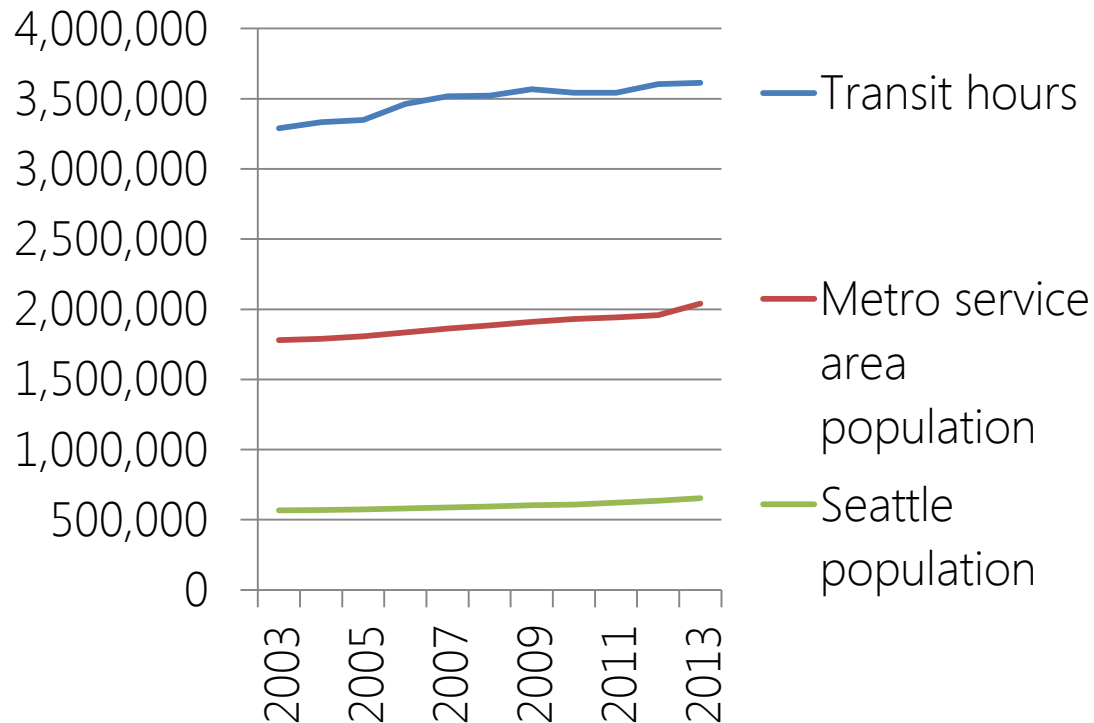

# Innovative city

Think big and provide great service to all

# City investing in transit

# Access Seattle

Keep businesses thriving, travelers moving, and construction coordinated during peak building periods
